### **PRESCOTT VALLEY BUFFALO WILD WINGS SPORTS NEW LOOK**

*Prescott Valley, Arizona* (June 22, 2015) -- The newly remodeled Prescott Valley Buffalo Wild Wings will kick off its re-opening on Saturday, June 27, 2015.

“We are excited to celebrate with the residents of Prescott Valley,” said Larry Tipton, owner. “There is nothing like our restaurant in town – we have the best venue for sports viewing around, and a wing sauce for every taste. We know our loyal guests will be thrilled with the improvements we have made, and we are very appreciative of their patience during the construction. We hope that this renovation will encourage those who haven’t experienced Buffalo Wild Wings to come out and give us a try!”

The Prescott Valley Buffalo Wild Wings will now feature nearly 80 high-definition plasma and LCD flat screen televisions. The new screens include private televisions in booth seats, which allow guests to request specific games or television shows for their own viewing.

The more than \$1 million renovation also includes an enclosed, all-season patio, new carpet and furniture, new comfortable upholstered booth seating, new counters and a new bar area. The bathrooms have also been renovated to create a more open space for guests to enjoy.

The Prescott Valley BUFFALO WILD WINGS® is located on North Centre Court and is owned and operated by Lancaster, Ohio entrepreneur, Larry Tipton. Larry Tipton currently owns and operates Buffalo Wild Wings franchise locations in Lancaster, Athens, Heath, Canal Winchester, Mt. Vernon, New Philadelphia and Reynoldsburg, Ohio, as well as two locations in Arizona - Flagstaff and Prescott Valley. More information about these locations is available at [www.lancasterwings.com](http://www.lancasterwings.com)
